

## Small excellence

Small foot-print with a modern and fascinating design, this is one-group Enova: a compact, trendy machine able to deliver an excellent in-the-cup quality thanks to the adjustable thermal balancing system (patented), which allows the setting of the group temperature according to the type of coffee used.

*Faema has significantly contributed to the history of professional espresso coffee and cappuccino machines in Italy and around the world. Faema has been producing espresso coffee machines with distinctive elegant design and always innovative technological features since 1945. The Group is based close to Milan. Its 4 manufacturing plants, covering a total of 75,000 m<sup>2</sup>, of which 40,000 m<sup>2</sup> indoor, represent the world's largest area completely dedicated to the production of professional espresso coffee machines. Today the Group exports almost 70% of its production in more than 100 countries through a network of more than 700 direct distributors that are organized to provide also after-sales support to end users.*
